

Carol Meyers - Class of 1979

I was a member of the National Honor Society. I received varsity letters in basketball, volleyball and softball. I was All-KVA for all three sports and All-State in basketball in 1978. Most important to me are the numerous team championships. Luckily for me, it was truly a "Sister Act" with my twin sister, Priscilla.

I received a full athletic scholarship to play basketball for Michigan State University. I graduated with Bachelor of Science degree in Mathematics. Soon thereafter, I began my career in employee retirement benefits servicing clients and retirees nationwide.

The success of our PHS teams was the result of a group that worked well together, an essential and vital skill for the work world and in families. My greatest teammate ever is my husband, Ken.

Thank-yous

Many thanks to the Parchment Community Hall of Fame selection committee. I am humbled. And to John Magnan, thank you for your calm and patience.

Favorite Memories of Parchment:

- Most memorable is the community support for Parchment students and athletics.
- Hot Pink warmups!
- Kindleberger Park - A great place to picnic, play and enjoy community entertainment. Our family used to toboggan on the hill off of Park Ave. and ice skate on the frozen tennis courts. Parchment's location, within the greater Kalamazoo region, provides unlimited opportunities that support healthy living and family. Parchment is where you love where you live.
