Online Learning Opportunities Annual Notice 2015

Online Learning Options

Expanded online learning options are now available for students attending Parchment High School. Students may select up to two online courses per trimester/semester and are required to take major tests and final exams at PHS. Many Michigan Virtual High School courses are accepted for high school credit by PHS. Other online course providers may be approved if taken outside of the school day and paid for by the student. Some project based courses and physical education courses may not be accepted.

The teacher of record has the final authority to determine the grade/credit for the course. Students will receive a letter grade on their transcript and grade point average (GPA) will be affected.

Any prospective student athlete should contact the NCAA Eligibility Center (877-262-1492) before enrolling in an online course to fully understand the implication of online course. Students also need to be aware that NCAA may have additional requirements for online courses to be completed.

A list of available courses can be found at <https://micourses.org/CatalogMainPage.aspx>. If your student is interested in taking an online course please contact Mrs. Edds, the high school's guidance counselor.
